Your Service Plan covers all the scheduled maintenance listed below – ensuring you can focus on driving and enjoying your Artura. This includes:

- 3 OIL AND FILTER CHANGES

6 YEAR/45,000 MILES HYBRID BATTERY WARRANTY

INGENUITY, WITH ADDED SECURITY.

Mounted low in the new McLaren Carbon Fibre Lightweight Architecture (MCLA), the potent Lithium ion 7.4 kWh battery lies at the heart of what makes Artura so dramatically advanced.

This pioneering technology is protected by a 6 Year or 45,000 miles (75,000 km) Hybrid Battery Warranty, designed to give you total confidence in our high performance engineering.

The battery is covered for major component failure and abnormal loss of charge. It's normal for a battery to lose some charge capacity due to charge cycles and changing environmental conditions, but if the health of your Artura's battery degrades at a faster rate, we'll replace or repair it at no cost to you.

THE FUTURE.

IN SAFE HANDS.
